

FOR IMMEDIATE RELEASE (TSX V Symbol: AUX)

Dec. 30, 2009

Additional Mineral Claim at Stewart, British Columbia

Auramex Resource Corp. (the “Company”) announces that it has purchased a 100% interest in the 324 hectare VON mineral claim contiguous to its existing claims, as shown in the attached map. (The news release can be viewed on the Company website with the map included.) The purchase price was \$3,000, plus the application of surplus work assessment credits on some of the vendor’s claims in exchange for portable assessment credits.

The claim, although not large in comparison with the 30,000 hectares that Auramex holds in the Stewart area, is considered by our consultant, Dr. Rod Kirkham, to be a potentially attractive block of ground for exploration in the summer of 2010. The Company intends to continue to acquire attractive land positions in the area if they become available on reasonable terms.

About Auramex Resource Corp. – www.auramex.com

Auramex Resource Corp. is a junior mining exploration company with projects in British Columbia and in Sinaloa State, Mexico. In B.C., the Company holds approximately 30,000 hectares near Stewart, a grass roots exploration project, and 1,500 hectares 92 kilometres north of Vancouver.
