## Property Updates

### Exploration Program in Mexico

Auramex Resource Corp. (the "Company") announces the start of a 1,000 metre diamond drill program at its Magenta property near Culiacan, Sinaloa, Mexico, announced in a news release dated January 19, 2007. Eight holes planned at El Escobal will step out at 30 metre spacings to the northwest of previous drill holes. The first hole will twin a hole drilled previously by Santa Cruz (E9) that was reported to assay 3.8 grams gold/tonne across 30 metres. The drill is on the property and being set up for the commencement of drilling.

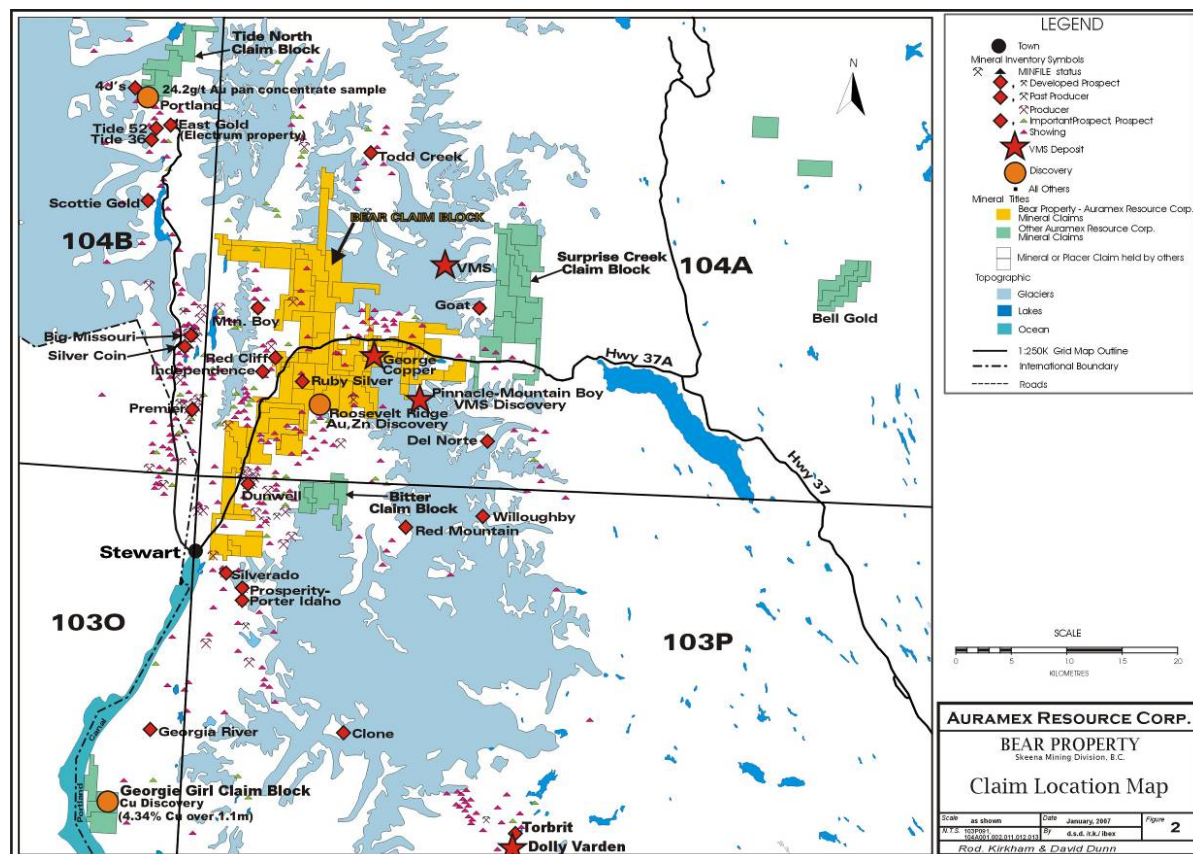

### Summit Oldtimer Property, Ymir, B.C.

The Company announces that it has terminated its option to purchase this property.

## Stewart, B.C., Properties

The Company announces that it has optioned additional ground contiguous to certain existing claims in the Stewart area. The terms of the acquisition are an initial payment of \$2,800 and issuance 50,000 shares, two more issuances of 50,000 shares each over one year and a 2% NSR with a \$1,000,000 buyout. The additional 3,400 hectares add to the 1,300 hectares in the Surprise Creek area east of the main 20,000 hectare Bear River block.
