FOR IMMEDIATE RELEASE (TSX V Symbol: AUX)

February 22, 2006

Company Acquires Additional Stewart Property

Auramex Resource Corp. (the "Company") announces two option agreements that increase the Company's land position near Stewart, B.C. from approximately 9,000 hectares to 20,000 hectares. The first agreement adds approximately 4,000 hectares contiguous to the previously acquired 9,000 hectare Bear River claims. The second adds approximately 7,000 hectares in ten non-contiguous claim groups. Contiguous claims offer an advantage over non-contiguous ones inasmuch as work at any area can be allocated to all claims that are contiguous, thereby enabling the Company to focus its exploration on a few of the most prospective targets within the sizeable land package.

Terms for the two groups are \$7,000 cash upon Exchange approval, 200,000 shares over two years and a 1% NSR that can be purchased for \$2 million. The Company's original optioned ground, as referred to in news releases of September 27 and October 27, 2005, includes a small area that was previously Crown granted encompassing the Ruby Silver showing, that is subject to an additional 1% NSR in favour of a third party. In late 2005, the Company conducted a small exploration program on the original claims, at a cost of approximately \$25,000. Additional work is needed on all of the ground, and the Company plans to spend up to \$150,000 on a summer 2006 exploration program.

All of the 20,000 hectares was optioned from Rodney V. Kirkham, Ph.D, geology, who has been retained as a consultant. Dr. Kirkham worked 28 years with the Geological Survey of Canada, and is the author of numerous papers on copper porphyry systems worldwide. He also has extensive experience in the Stewart camp.

For further information concerning this announcement, please contact Heather Conley, President and CEO, at (604) 682-5123. For general information on Auramex, please contact Robert A. Young and Associates at 1-877-626-2121 or locally 604-682-5123, and/or refer to the Company's website, www.auramex.com.
