FOR IMMEDIATE RELEASE (TSX V Symbol: AUX) September 22, 2006

Company Acquires Additional Claims Near Stewart, BC

Auramex Resource Corp. (the "Company") reports that it has optioned an additional 6,351 hectares to the previously acquired land package from Rodney V. Kirkham, at a cost of \$3,500, and the issuance of 25,000 common shares of the Company. The cash payment and the issuance of 5,000 common shares are to occur within 10 days of approval of this agreement by the TSX Venture Exchange. A further 5,000 common shares are to be issued on or before October 31, 2006 and the balance of 15,000 common shares are to be issued on or before October 31, 2007. Of the 6,351 hectares, 4,424 are subject to required assessment work and subject to a 1% NSR. The Stewart project now consists of over 27,000 hectares of mineral claims in four main claim blocks. The largest claim block of approximately 21,700 hectares covers the confluence of the Bear River and American Creek, including the west flank of the Cambria Icefield and the Todd Icefield. The other three main claim blocks are located as follows: one on the east side of the Portland Canal around the mouth of the Georgie River consisting of approximately 1,300 hectares, another north of Tide Lake, consisting of approximately 1,800 hectares, and a third, northeast of Meziadan Lake, consisting of approximately 2,200 hectares.
