## **AURAMEX SPONSORS “WOMEN IN MINING ADVENTURE 2019” CONTEST**

**Vancouver, British Columbia – Auramex Resource Corp. (the “Company” or “Auramex”) (TSX.V: AUX) and Crystal Lake Mining Corporation (TSXV: CLM OTC: SIOCF FSE: SOG-FF) (“Crystal Lake”)** are pleased to report sponsoring the “Women in Mining Adventure 2019” contest. The contest will give one lucky earth sciences graduate the opportunity to learn from some of the best in the industry with an all-expenses paid training course in our exploration camps located in the Golden Triangle of northern British Columbia, Canada.

Auramex’s CEO & President, Lawrence Roulston comments: *“We are delighted to support the Women in Mining Adventure contest and we look forward to sharing our knowledge with the winner of the contest. The Golden Triangle hosts exceptional mineral wealth hosted in a wide range of deposit types. Our geologists are applying leading edge science to supplement the results from a long and colourful history of mining going back a century. Recent infrastructure improvements have opened up areas never before explored. I believe there is no place like it on the planet for discovery potential and geological diversity.”*

The fieldtrip will begin in the first week of September and will have the winner based at Crystal Lake’s Newmont Lake camp, learning from its geological team for approximately three weeks. Next, the new geologist will spend a week at Auramex’ project as the geological team works to expand its historic gold deposit and discover new deposits.

The contest is supported by Women in Mining UK, Women in Mining Canada, Women in Mining BC, The Association for Mineral Exploration BC (AME), SGDS Hive and was organized by the Spotlight Mining Group.

Jill Tsolinos, Executive Director of the Centre of Training Excellence in Mining comments, *“48% of females make up the BC labour force and only 18% are represented in the mining industry. Increasing women in the workforce is an opportunity for the industry to meet the current and future employment needs.”*

This is an incredible opportunity to get first-hand experience under the guidance of industry experts in the Golden Triangle, one of the world’s most mineralized regions. For further details on the contest and how to apply please visit [www.spotlightmining.com](http://www.spotlightmining.com). Follow the entries using #WIMAdventure through Auramex, Crystal Lake & Spotlight Mining groups social channels. **The contest deadline is August 1<sup>st</sup>, 2019 at 8:00am PST.**

### **About Auramex Resource Corp.**

Auramex is focused on exploring a large and highly prospective property portfolio in the Stewart camp, at the southern end of the Golden Triangle in British Columbia. The Company’s extensive knowledge in the Golden Triangle aims to maximize shareholder value by deploying a systematic

and comprehensive exploration approach, that fuses “traditional” and emerging, cutting-edge exploration techniques.
